CAPTAIN BUBBLE. THE BUBBLEGUM DRINK THAT'S TRULY OUT OF THIS WORLD.

ARE YOU A GOOOL DUDE... ...OR A DUMBO?

Yo, brainboxes, welcome to another crazy quiz. You've got to unscramble the pictures to find the names of common foods. Award yourself one point for each correct answer. (Cheats can award themselves as many points as they like.)

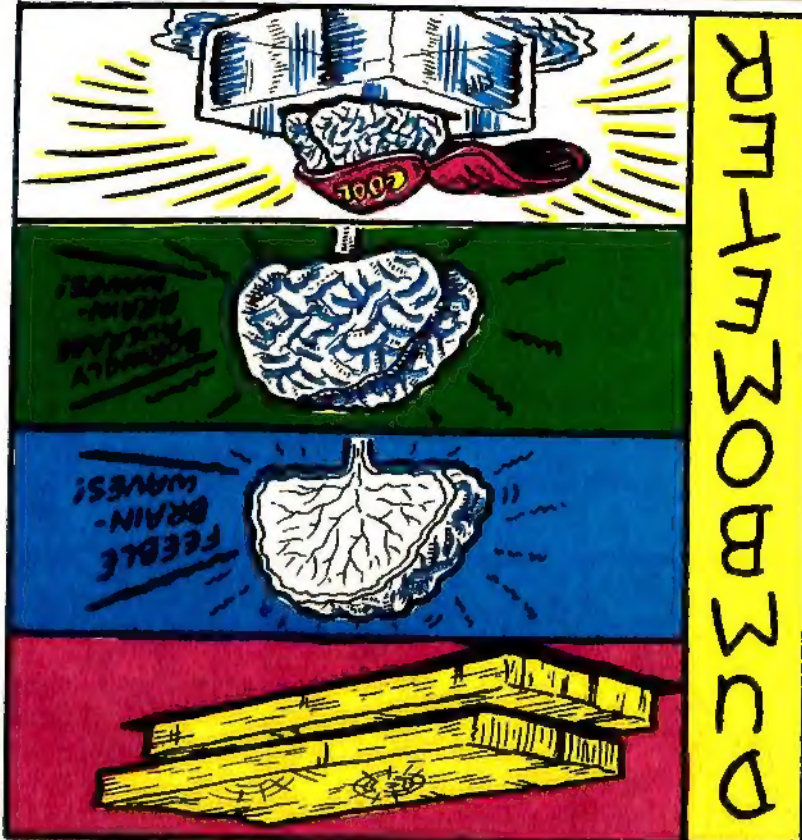

6: If you scored this, you're probably the only one who can work out what these clever pics actually mean.

4-5: Sorry to repeat this, but please SEE PICTURE.

2-3: SEE PICTURE AGAIN.

0-1: SEE PICTURE.

ANSWERS!

1. DOUGH-NUT. A nice easy one to get you started. Isn't it amazing how they always manage to get the hole in the middle of the doughnuts when they fry them?

2. MUSH-ROOM. If you guessed that another name for 'mush' is 'mush', then you'll have got this one.

3. DOVER-SOLE. A type of fish served in posh restaurants - and not wrapped up in paper with a portion of chips.

4. HARICOT-BEANS. (Hare-eye-cot-bee-hens). Well, you've got to expect a difficult one sometime.

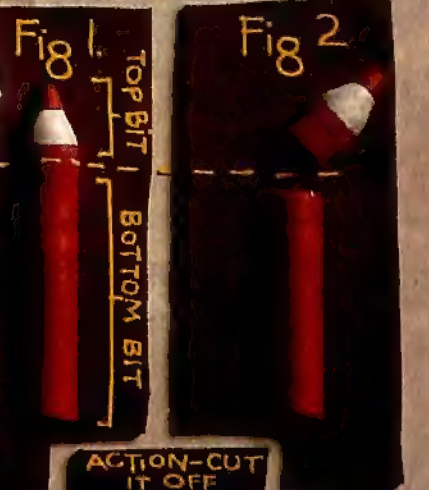

5. SALAD-DRESSING. (Saw-lard-dress-hinge). Okay, so this wasn't so easy, either.

6. TREACLE-PUDDING. (Tree-cool-paw-ding). It's the Ed's favourite, so we had to put it in 'cos we're all crawlers.

6 FIRST PRIZES
Giant Boxed Train Sets
10 RUNNERS-UP PRIZES
Basic Big Boxed Train Sets

Railways is a terrific play - anywhere train set

There's no messing around fixing together umpteen individual pieces of track with Matchbox Railways. The lightweight panels which incorporate the track simply slot together dead easy - and then away you go. And when it's time for the trains to stop running, Matchbox Railways fits neatly into its own carrycase to make it completely portable. Clever, eh?

The Giant Boxed Train Set consists of three twin-track layout panels, making up over 6 metres of track. Two trains - a Santa Fe diesel loco and a tank engine, as well as a carriage and trucks. There are three different scenic back panels, two track-side directors which can be moved around the track, as well as a twin-track tunnel. The whole thing runs off two AAA batteries.

The Basic Big Boxed Train Set includes twin-track layout panels, a tank engine with carriage and one truck, two signals, 2 movable track-side directors, tunnels, scenic panels and a buffer. This set runs off a single AAA battery.

To enter our competition all we want you to do is name any one of London's many main line railway stations. Write your answer on a postcard, or back of a sealed down empty envelope...add your own name and address, and send to: Matchbox Railways Competition, at the Buster address. Entries to arrive by Thursday 2nd January, 1992. After that date the first 6 correct entries judged will win the Giant Boxed Train Sets...the next 10 correct entries will win the Basic Boxed Train Sets. Usual Buster competition rules apply. The Editor's decision is final in all matters.
